## Plan features

**Care away from home** – You are covered for care across the United States and around the world through the BlueCard® and Blue Shield Global Core programs.

**Chiropractic and acupuncture services** – Visit any chiropractor or acupuncturist in the American Specialty Health Plans of California, Inc. (ASH) provider network.

**Emergency care** – You're covered for emergency care around the world regardless of whether the provider is in your plan's PPO network.

**Mental health and substance use disorder care** – You have access to inpatient and outpatient care for issues such as depression, alcohol/substance use disorder and mental illness. You can access these services through Blue Shield's mental health service administrator (MHSA) provider network and non-network providers.

**Preventive care** – You have access to services defined as routine preventive care. You do not have to pay a copayment or meet the plan's deductible for these services. Visit [blueshieldca.com/preventive](http://blueshieldca.com/preventive) to learn more.

**Urgent care** – For non-emergencies, you can receive care at an urgent care center. Your cost will usually be lower than the cost for a hospital emergency room visit.

With the PPO \$aver and Super \$aver, you can see any doctor you choose for most services. You can also self-refer to specialists. You will usually pay less for services that are provided by PPO network providers.

The plan is paired with a federal tax-free health savings account (HSA)\* to help you save money. The HSA works a lot like a savings account. You contribute pre-tax dollars and use them to pay for your deductible and qualified out-of-pocket medical expenses. For more information, visit [healthequity.com/bsc](http://healthequity.com/bsc).
